

China Standards Notes

May 15, 2009

- The General Administration of Quality Supervision, Inspection and Quarantine (AQSIQ) announced Decree No. 42, the first batch of 374 abolished regulations, including a 2004 version National Standards Technical Committee Administrative Rules. Most of the regulations listed were either expired have been replaced. http://www.aqsiq.gov.cn/zwgk/jlgg/zjgg/2009/200905/t20090511_114566.htm
- An International Information Security Standardization Conference, including an ISO/IEC JTC1 SC27 two-day plenary meeting and one week working group meeting, was held May 4-12 in Beijing. Presentations are available for download on the TC260 website. <http://www.tc260.org.cn/infoViewF.jsp> <http://www.tc260.org.cn/infoViewF.jsp>
- The Ministry of Industry and Information Technology (MIIT) published guidelines to enhance industrial product quality. About 10,000 industry standards will be issued or modified within a three-year period. MIIT will promote implementation of industry standards and strengthening of the industrial standardization system. <http://www.miit.gov.cn/n11293472/n11293832/n11293907/n11368223/12308154.html>
- MIIT is leading China's effort to develop new energy automobile standards and test methods. <http://www.cssn.net.cn/news/2009.MAY.1212421126443783173.xml>
