MADE IN THE USA DATABASE

Welcome to the Office of Textiles and Apparel (OTEXA) Made in U.S.A. Sourcing Database! OTEXA provides this database to assist buyers in sourcing U.S.-made textile, apparel and footwear products from U.S. vendors, which include manufacturers, suppliers, distributors, and producers. In order to qualify for listing in this database, a vendor must be a company incorporated in the United States with at least one manufacturing plant, assembly plant, or distribution center that manufactures, assembles, or distributes U.S.-made textile, apparel, or footwear products while listed in the database.

Disclaimer: Vendors are not required to register for this database but do so voluntarily. The Office of Textiles and Apparel (OTEXA) and the U.S. Government are not responsible for the information the companies provide. Listing in this database is not an endorsement of a company or product by OTEXA. Further, listing on this website does not guarantee a vendor's compliance with the Federal Trade Commission's "Made in U.S.A." labeling [regulations](#).
