

Taiwan Agreement On Market Access

Coordination Council for North American Affairs

Office in US

EC-83-013

April 27, 1994

Ambassador Fatale H. Bellocchi

Chairman of the Board and Managing Director

American Institute in Taiwan

1700 N. Moore Street, #1700

Arlington, VA 22209

Dear Ambassador Bellocchi:

This letter confirms our Mutual understanding as conveyed in your letter of February 18, 1994 which sets forth the tariff reductions on certain products of export interest to the United States. Pursuant to that understanding, we have taken or will take the following steps:

1. The industrial products contained in Annex I (attached) have had their customs duties reduced 'to the rates listed therein by means of Article 471 of our Customs Law on March 30, 1994. These reductions will be maintained at the specified, lower rates through legislation.
2. The agricultural products (HS chapters contained in Annex 2 (attached) will have their customs duties reduced either to the rates listed therein (part 1) or to levels reflecting a bilateral trade weighted average depth of cut of 12.5% (part 2) by means of legislation. These duty reductions will be submitted by the Executive Yuan to the Legislative Yuan no later than May 15, 1994.
3. The industrial products (HS chapters 25-97) contained in Annex 3 (attached) will have their customs duties reduced either to the rates listed therein (part 1) or to levels reflecting a bilateral trade-weighted average depth of cut of 17.5% (part 2) by means of legislation. These duty reductions will be submitted by the Executive Yuan to the Legislative Yuan no later than October 1, 1994.

While the Executive Branch will exert best efforts to secure legislative enactment as soon as possible, it cannot make commitments on behalf of the Legislative Yuan.

We expect that the tariff reductions that we have implemented will be taken into account in our GATT accession. In addition, we understand that the United States reserves the right to seek further reductions in these and other items, as specified in US GATT accession tariff requests of our side. The mutual understandings expressed in our exchange of letters will enable our two sides to expedite our bilateral consultations on the GATT accession of the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matzu.

Sincerely,

/signature/
