MARCH 14th MEETING MINUTES

Welcome and Introduction

Designated Federal Officer (DFO) Hyndman welcomed committee members and began the meeting. Members of the public introduced themselves to the committee. DFO Hyndman reviewed the agenda.

Draft Recommendation Discussion

Chair Schulzki opened the discussion with an overview of the first draft recommendation of the charter, which emphasizes the critical role of the environmental technologies sector in advancing

the Administration's America First Trade Policy and national security priorities. The recommendation also recommends enhanced interagency coordination regarding financing instruments. The committee members reviewed the letter and made final edits.

Approval of Draft Recommendation

The ETTAC voted to approve the letter as drafted.

Discussion of April 15th Meeting Agenda

DFO Hyndman reviewed the plan to include U.S. Government briefings in the April meeting, including briefings from several International Trade Administration offices and several other trade-focused agencies (TBC) and asked for the ETTAC's feedback.

Next Steps, Public Comment

DFO Hyndman noted that the letter of recommendation would be published online after being sent to the Secretary of Commerce and that the link would be circulated with the ETTAC. No issues were raised during the public comment period. The meeting was adjourned at 11:35 am.

I hereby certify that, to the best of my knowledge, the foregoing meeting minutes are accurate and complete.
